Transition to 3M™ Versaflo™ PAPR technology from 3M™ Jupiter™ PAPR Range.

Dear Customer,

Purchase your Jupiter™ PAPR Range by December 31st 2021 or while stocks last. See inside for transition options to 3M products or speak to your 3M Representative for a product transition plan and special offers.

#3MScienceOfSafety

Discontinued by Dec 2021

Jupiter™ Turbo System with P3 Filter

Jupiter Air Turbo Unit includes turbo case, motor, blower, decontamination belt, battery and instructions.

Battery Charger and Breathing Tube are not included.

Available Alternatives

3M™ Versaflo™ TR-315A+

Particulate only (nuisance level organic vapour and acid gas options available)

Industry: Hard Rock Mining

3M™ Versaflo™
Powered Air Turbo TR-300+

Filter

- Spark Arrestor
- Prefilter
- P3 Filter
- P3/Nuisance Level Organic Filter
- P3/Nuisance Level Acid Gas (HF up to 10 x Workplace Exposure Level)

Battery

- Standard battery
- High capacity battery

Charger

- Single Station Battery Charger
- 4-Station Battery Charger Kit

Jupiter™ Turbo System with Gas and Combination Filter

Jupiter Air Turbo Unit includes turbo case, motor, blower, decontamination belt, battery and instructions.

Battery Charger and Breathing Tube are not included.

3M™ Versaflo™ TR-619A

Particulate + Gas & Vapour

Industry: Pharmaceutical, Smelting, Food, Agriculture & General Industry

3M™ Versaflo™
Powered Air Turbo TR-600

Filter

- Spark Arrestor
- Prefilter
- P3 Filter
- P3/Nuisance Level Organic Vapour/Acid Gas
- A1P3 Filter
- ABEHgP3 Filter

Battery

- Standard Battery
- High Capacity Battery

Charger

- Single Station Bat. Charger
- 4-Station Bat. Charger Kit

Jupiter™ Intrinsically Safe Air Filter Unit

Jupiter IS Air Turbo Unit includes turbo case, motor, decontamination belt, pouch, battery and instructions.

Battery Charger and Breathing Tube are not included.

3M™ Versaflo™ TR-819A

Particulate + Gas & Vapour

Industry: Coal Mining (including underground), Oil & Gas, Pharmaceutical & Spraying

- Mining Atmospheres
- IEC 60079-11
- Ex ia I Ma
- ia - intrinsic safety - safe with rare malfunction
- I - Mining Group
- Ma - Equipment Protection Level - Mining

3M™ Versaflo™
Powered Air Turbo TR-800

Filter

- Spark Arrestor
- Prefilter
- P3 Filter
- P3/Nuisance Level Organic Vapour/Acid Gas
- A1P3 Filter
- ABEHgP3 Filter

Battery

- TR-830 Intrinsically Safe Battery

Charger

- Single Station Bat. Charger
- 4-Station Bat. Charger Kit

3M™ Versaflo™ Faceshields

M-206
M-207

Note: these faceshields are not rated industrial safety helmets

Available Alternatives

3M™ Versaflo™ S-Series Headcovers & Hoods

S-133

S-333

S-433

S-533

Typical industries include

- Medical and Healthcare
- Pharmaceutical Manufacturing
- Agriculture
- Food and Beverage
- Pulp and Paper Processing
- Surface Preparation and Coating
- Chemical Industry
- Woodworking

3M™ 6000 Series Full Face Respirator and 3M™ 7500 Series Reusable Respirator

*Currently approved with TR-600 and TR-800

TR-627 Easy-Clean Belt

3M™ Versaflo™ Helmets with Shrouds

M-406
M-407

More reasons to consider a 3M™ Versaflo™ PAPR System now.

In addition to providing respiratory protection, PAPR systems can help bring safety, comfort and convenience to the job.

Are your workers looking for a respirator designed to help make breathing easier?

With the AS/NZS1716 standard in mind, 3M designed full face/half face respirators and headtops with integrated face shields to help reduce the risk of exposure to eye injuries.

PAPR components are designed to work securely together. Certain configurations combine head, eye,* face and respiratory protection.

Different combinations of hardtops and tight fitting half face and full face masks provide different levels of protections. Refer to AS/NZS 1715 for the assigned protection factors to assess against your workplace requirements. As with all tight fitting masks, the wearer should be clean shaven to get the rated protection factor for the configuration in use as given by AS/NZS 1715.

PAPRs can deliver filtered air all shift long.

*Headtops should be considered secondary eyewear protection and used in conjunction with eye protection.

The M-Series and S-series headtops are compatible with the entire Versaflo PAPR Range.
