## About Honeycomb Paper Frame Structure Details

## High Stability

There are four suction cups attached to the bottom of the honeycomb paper holder, which can be strongly attached to the desktop, stable, and easy to pack.

## Adjustable Width

By moving the slider, you can adjust the use of 30cm, 38cm, 39cm, and 50cm wide honeycomb paper rolls.

NO ADDITIONAL CUTTING TOOLS AND TAPE ARE NEEDED TO COMPLETE THE PACKAGE BY HAND TO IMPROVE THE PACKAGING EFFICIENCY  
NO ADDITIONAL CUTTING TOOLS

## **Provide Perfect Protection**

This is a manual packaging method, which can be directly torn by hand without tape. Stretch out to present a honeycomb structure that locks the product in place and protects the product in all directions.
