

### Window Cleaner

CODE NO: 315

#### DESCRIPTION

**Window Cleaner** is a blue thin liquid with a characteristic ammonia and alcohol odour. This formula combines a high-performance solvent system with the power of ammonia, guaranteeing a streak free finish every time. This product has a fast-acting formula that quickly dries, penetrate and dissolve dirt, dust and other soils on glass, windows and mirrors leaving surfaces squeaky clean and streak free. Window Cleaner is easy and safe to use, and its surfactants are biodegradable.

**Window Cleaner** may be used as a spray & wipe for cleaning desks and counter tops in office environments. Also, Window Cleaner will effectively remove stains from alcohol and tobacco residues on poker machines leaving them with a streak free clean.

#### DIRECTIONS FOR USE

**Window Cleaner** can be applied using a spray bottle and a clean lint free cloth or by using a squeegee and a bucket of window cleaner.

**If using with a Blending centre** – can be diluted 1:4 parts water.
